

Amazing Archives

Another year has begun in your church's history. Look for exciting things to happen as we prepare to celebrate 180 years of faith, love and dedication to God.

Some of the things to anticipate is Alice Jerome's '*In The Beginning*' book I will assemble in her memory using her articles. '*The History of The Second Church*' will be completed.

We will continue displays in the Welcome Center. As time allows, we will host an Archival Reception for your enjoyment and strolls down memory lane.

We will be asking for your help and participation in the future. For example, neither Roger or I know German and we have several Books and entries we want translated (at least describe what they are).

Until next month, remember the quote by George Herbert:
Storms make the mighty oak grow deeper roots.
